## Public Review and Comment

*The public is invited to review and comment on Metroplan's updated Federal Fiscal Year 2025 to 2028 Transportation Improvement Program (TIP) document. This will be reflected as an amendment to the 2025 Metropolitan Transportation Plan.*

**Please submit your comments to [comments@metroplan.org](mailto:comments@metroplan.org) by August 14th, 2024 at 5:00 pm.**

Metroplan is the federally designated metropolitan planning organization for the Little Rock-North Little Rock-Conway metropolitan area. It is charged with developing and maintaining a Long-Range Metropolitan Transportation Plan (MTP) for Central Arkansas cooperatively with the state, local transit operators, and member jurisdictions. The TIP functions as a four-year implementation program for transportation projects from the MTP. It identifies the year a project is expected to begin, and the project's dedicated funding amount.

Federal regulations require that, to receive funding from the US Department of Transportation, transportation projects implemented within the area must be consistent with plans and programs developed through a "3C" planning process: continuing, comprehensive, cooperative. Metroplan's process is carried out in cooperation with the Arkansas DOT and Rock Region METRO, which also satisfies Rock Region METRO's public input requirements from the Federal Transit Administration.
